About us

In 2015 on the way to Cedar Point we decided to turn an idea into something tangible. We envisioned guy's shorts that could be worn to the country club for dinner but, didn't need to be changed for a late night bonfire by the lake. Girls dresses so comfortable they could be worn, with ease, to a dinner party and shorts that could double as a bathing suit bottom cover up. All while remaining affordable, being of the highest quality and proudly Made in America.

We also wanted to give you the chance to design custom apparel without having to charge a small fortune, creating apparel that is truly Made for You.

Along our journey we've learned more than we ever could've imagined and while it hasn't always been fun and games, we wouldn't change a thing. We are building our American Dream as best friends/siblings turned business partners.

We are proud to share our first catalog with you & hope to see you in our shorts!
